Our produce is grown using methods that increase nutritional value through natural practices. We build soil nutrition and brix (sugar) levels to ensure high nutrition in our produce. We also use natural methods to deter insects and disease before we use conventional methods. Because we use methods that build soil nutrition and brix levels in our plants, our produce has exceptional flavor and lasts longer than conventionally grown produce. We do NOT grow any produce that is genetically modified. We do our best to provide our customers with the freshest, most flavorful produce we can. We plant a variety of different vegetables so you can try something new each week.

Why should you purchase a Fruit & Veggie Box Subscription???

1. It helps support our Farm. You essentially pre- purchase a share of our harvest before the season begins. This helps us get all of our inputs (seeds, fertilizers, supplies) purchased up front before the season starts. In return, we give our Fruit & Veggie Box Subscribers a bit more of the share of the harvest than what they pay.

2. It's fast and convenient. We have your box of fruits and veggies ready for pick up on your designated date/time. It only take a couple minutes to pick up your box and you then you are all set with fruits and veggies for the week. You don't have to spend time shopping and picking out the produce yourself!
3. You get to try new fruits and veggies. Most of the items we include in your box are fruits and veggies you would normally see in the store or farm market, but we also try to include a few items throughout the season that you may have never tried. These items may include produce such as kohlrabi, purple peppers, heirloom tomatoes or honeylopes.
4. The fruits and veggies you receive are fresh and delicious! All of the produce that is included in your box is fresh picked from our farm or a local farm nearby. We include some items that we purchase from nearby farms to make sure you receive a well-rounded box full of a variety of fruits and veggies. You will not get fresher produce unless you grow it yourself!

I commit to a membership in the K & J Farm Fruit & Veggie Box Subscription for the 2022 season. As a member, I commit myself to supporting the farm by making my payment. I will commit to the pick-up of my weekly Box on the day I selected at the specified time I selected. I understand that if I do not pick up my box on the specified day and time I choose, I do not expect to have my box saved unless I have made prior arrangements with K and J Farm at least 24 hours in advance. I understand that the day/time I choose to pick up my box will be the same each week unless other arrangements are made with K & J Farm. The Box will vary in size and weight depending on the time of the season. I understand that over the course of the season the box may contain a smaller volume or fruits & veggies in the beginning of the season but a larger volume as the season continues and because of this the value of the box is calculated as an average for all of the fruits & veggies received in the box throughout the season. I commit to accepting the variety of foods that appear in the Box over the course of the season. I understand that in return for my commitment to K & J Farm's Weekly Fruit & Veggie Box Subscription by paying for my subscription, K & J Farm will provide me with a Box of Homegrown & Locally Grown Fruits & Veggies weekly for 18 weeks.
